### Reflections Questions:

1. What is God wanting you to learn during this season of life?
2. Are there promises that God is wanting you to remember at this time?
3. Has there ever been a time when you felt forgotten? By others? Or even by God?
4. Are there things in your past that God wants you to forget?
5. What is required for us to embrace the envision that God has for our lives?
6. How would we respond if God responds in our lives and churches completely different than He has before?
