Sermon: "Yes He Will"

- Sovereign Will – What happened yesterday
- Perfect Will – What God determines will happen
- Permissive Will – What God allows to happen

Prayer works due to the will of God

Prayer is not about asking God to do our will, it is about asking Him to do His will.

Praying in the will of God will always accomplish the work of God.

- I. God's will GUIDES our praying
- II. God's will GUARDS our praying
 - a. God is best at knowing what is best for us!
- III. God's will GUARANTEES our praying.

Reflections Questions:

1. Have you ever asked yourself if prayer works? What have you determined is the answer?
2. Do you believe that we can pray correctly without the Lord Jesus guiding us in how to pray?
3. Think of a time when your prayers NOT BEING ANSWERED was a wonderful thing? How can you teach others through this unanswered prayer?
4. Do you really KNOW that God hears our prayers when we pray in His will?
5. What is your biggest take-away from today's message?
